

## Growing Sustainability @ The Garden - Spring Courses 2010

A partnership between Mullumbimby Community Garden  
and Byron Region Community College

### Introduction to Permaculture

**2 Wednesdays, 4 August and 11 August, 10am - 4pm  
with Andrew Carter**

This course explores the essence of the permaculture approach and shows you how to apply permaculture principles in the garden and beyond.

Concession: \$75 Full fee: \$90

### Build a Home Propagation & Seed Raising Bench

**Saturday, 14 August 1 pm - 4 pm with Jo Hoy**

This workshop will teach you to build your own mini green house - an irrigated seed raising bench out of bamboo and recycled materials. Concession: \$20 Full fee: \$25

### No Dig Gardening and What to Plant Now

**Saturday, 4 September 10 am - 3 pm with Sharon Gibson**

Learn how to build your soil using this easy method of layering organic matter to create an instant weed free garden. We will look at materials to use as well as seasonal planting. Concession: \$38 Full fee: \$45

### Seed Saving for the Home Gardener

**2 Saturdays, 25 September and 2 October 10 am - 4 pm with Loretta Faulkner**

Learn how to save vegetable and fruit seeds, seed identification, plant families, pollination and seed cleaning and storage. Concession: \$75 Full fee: \$90

### Inspire The Family - Plant It, Grow It, Harvest & Eat It!

**A: Tuesday, 28 September 10 am – 11:30 am,**

**B: Tuesday, 5 October 10 am - 11:30 am**

From Seed to table, these are two educational, fun and delicious holiday gardening workshops for the family. Inspire your family to grow nutritious food and then harvest for meal preparation.

**To enrol please book directly through the facilitator Jo Hoy: 6684 5571.**

Family: \$35 Adult: \$15 Young People 8-14: \$10

### Growing Gardeners With Robina McCurdy (NZ)

**Saturday & Sunday, 9-10 October,  
10 am - 4:30 pm**

An inspiring program, with passionate New Zealand based food self-resilience and permaculture advocate Robina McCurdy.

This intensive is for gardening & permaculture educators wanting to be involved in coaching others in food gardening in the wider community.

Concession: \$133 Full fee: \$180

### Certificate III in Permaculture

**58 Tuesdays, 12 October 2010 to 15  
Nov 2011 9 am - 4 pm**

This is a 12 month nationally accredited qualification. Permaculture aims to create stable, productive systems that provide for human needs in harmony with nature. Permaculture can be applied to any environment, at any scale from dense urban settlements, to individual homes, from farms to entire regions. Fee: \$1,950. Payment schedule can be arranged.
